
Fitness + Dancing = The Annual Day Celebration by Grades I and II

Pune | January 18th and 19th, 2020

Grades I and II of S. B. Patil Public School celebrated their Annual Day on January 18th and 19th respectively. The two-day event with each programme spanning over two hours each garnered praise from both staff and parent.

The theme, under the title *Fitness-danza*, covered the areas of health, diet, well-being and exercise practices in Europe, India and China through enactments and dance that rightfully deserved the applause the performances received.

The ceremony commenced with a welcome speech and lighting of the traditional lamp by the principal of the school, Dr. Bindu Saini, and the members of the PTA. Dr. Saini addressed the audience with the school's *Annual Report* that covered all the major achievements be it in academics, sport, music, art, public speaking, or accolades and recognition bestowed upon the school itself.

The dances covered myriad styles, genres and moves to which the children swayed, twirled and boogied their way onto and off the stage. Dances included: The Chicken Dance (from Germany), The Polka (from Poland), the *Bhangra*, *Garba* and *Lezim* (from India), and the Traditional Fan Dance (from China).

Without a speck of doubt, it went unnoticed that the students of grades I and II had a more marvellous time performing than any other class that set foot on stage. With dances and drama coming to a close, a vote of thanks was given to the parents, staff and faculty, management, as well as the students for their continuous support due to which S. B. Patil Public School could celebrate this day with such pomp. Such was brought to a solemn conclusion by singing the *Vande Mataram*.
