

A Step Towards Learning Sustainability: The UNESCO MGIEP Programmes 2023-24

During the academic year 2023-24, all students from grade VI to XII of S. B Patil School joined the UNESCO MGIEP program. The program aim is to contribute towards the development of peaceful and sustainable societies and at the same time thriving as an

individual. Following were the programme details and course topics:

1. **Climate Change for grades VI to VIII**
2. **Global Citizenship for grades IX and X**
3. **Biodiversity for grades VI to XII**
4. **World Rescue for Grades XI and XII**

The duration of the above self-paced online courses was four to ten weeks, i.e., a total of 6-12 hours. The students were free to do more than one course with no programme fee.

All students from Grades VI to XII participated and received certificates from UNESCO after completing the course with 70% marks in final assessment.

The programme was facilitated by social science secondary teacher Ms. Anjali Gugale who, along with the team of all class teachers of all sections from Grade VI to XII successfully implemented the programme. She was awarded with a certificate of appreciation for socio-emotional learning for students in 2023-24 by UNESCO MGIEP and for coordinating the implementation of the online program in our school.

At the same time, we thank Brainwiz (Educational and Training Institute) and UNESCO MGIEP for providing us this wonderful opportunity for our school students to learn about sustainability. Also, we would like to inform that next academic year we will be working with UNESCO MGIEP again to curate amazing learning experiences for our students to learn about peaceful and sustainable societies.

We thank school principal, Dr. Bindu Saini; vice principal, Ms. Padmawati Banda; section heads, Ms. Darshana Kamat and Ms. Vandana Sangle; and all the class teachers of Grade VI to XII for providing the necessary support for successful execution of the programme.
