
The English Storytelling Activity

Pune, Maharashtra | 17th January to 19th January, 2024

Storytelling is the art of taking one on a tour across fairyland within one's mind. Good storytellers make people feel things. They get inside the heads of their audiences and make them happy, sad, angry, curious and excited. Storytelling is the best way to capture people's attention and help them retain information.

To bring out the hidden talent of storytelling within our tiny tots, a storytelling activity with props and puppets was organised from the 17th to 19th January, 2024 for the students of the Pre-primary section

On Wednesday, 17th January, 2024, an English Storytelling activity was conducted for the students of Grades I and II to provide children with a window to new worlds through storytelling. They used props and puppets to illustrate their story.

On 18th and 19th January, the same activity was conducted for the Senior and Junior KG Sections respectively. The little ones used all forms of puppets to narrate a multitude of stories and fables.

The activity gave the students the opportunity to not only develop upon their reading and narration skills but also foster creativity and imagination whilst instilling in the students new ideas and information. And without realising it, they learned valuable life lessons through engaging exciting stories.
