## A Day in the Life of a Doctor: A Grade XII Field Visit to Ojas Hospital

Pune, Maharashtra | 29<sup>th</sup> November, 2024

A field visit to Ojas Hospital was conducted by the Career Cell of S.B. Patil Public School on 29<sup>th</sup> November, 2024. Led by the school career counsellor, Ms. Susmita Roy and accompanied by the school nurse, Ms. Sujata Bhalerao, the visit was organised for the Grade XII students aspiring to be in the medical field.

The interesting features of the visit were that students visited the emergency ward, ICU and operation theaters, and observed different procedures. They even interviewed doctors. Dr. Santosh Sawale told them that they have to love their studies and job to reach the goal of becoming a doctor. Students thoroughly enjoyed visiting all the different areas in the hospital as they enquired about each procedure.

Through this visit, students attained a deeper understanding about practicing in the medical field as it provided first-hand and realistic insights into what it is like to be a doctor and work at a hospital.

insightful visit.

We thank our principal, Dr. Bindu Saini; vice principal, Ms. Padmavati Banda; administrative officer, Mr. Manish Dhekale; and the career counsellor, Ms. Sushmita Roy; and the doctors and staff at Ojas Hospital for organising this
