A Field Visit to Science Park

Pune, Maharashtra | 3rd November, 2026

The students of Grade V visited Science Park, Chinchwad, Pune, on 3rd November, 2026, for an exciting and enriching educational experience.

During the visit, students explored various sections, including Fun Science, Energy, Climate Change and Automobiles. The Automobiles section was particularly fascinating, as students got an opportunity to operate engines and understand their functioning. They also explored a variety of scientific exhibits and witnessed several interesting experiments.

One of the major highlights of the visit was the Liquid Nitrogen Show, where the instructor captivated the students with fascinating demonstrations and insightful explanations. The interactive exhibits and hands-on experiences sparked curiosity and encouraged students to explore scientific concepts beyond their textbooks.

The visit provided valuable insights into the practical applications of science in everyday life and helped students develop a spirit of scientific inquiry, observation and exploration.

The students thoroughly enjoyed this wonderful learning experience and returned with cherished memories, new discoveries and a deeper appreciation of science.
