

A Memorable Field Trip to Tolani Maritime Institute

Pune, Maharashtra | 28th July, 2023

by Darshil Mali | X-A

On 28th July, 2023, all Grade X students from sections A to E embarked on an exciting field trip to Tolani Maritime Institute. The day was off to a promising start as we, a total of 180 students, gathered at the school campus at 8:30 am, eagerly awaiting the adventure that lay ahead. Accompanying us were our teachers: Ms. Darshana Kamat, Ms. Nirupama Kale, Ms. Rachana Sisodiya, Ms. Leena Verghese, Ms. Niveditha Biswas, Ms. Rashami Godiya, Ms. Anita Suryavanshi and Ms. Susmita Roy.

The journey to the institute was a delightful experience, thanks to the lush greenery that surrounded us due to the ongoing rainy season. The beauty of nature outside the windows added to our excitement, making the trip feel like a refreshing getaway.

Upon reaching the institute, we were warmly welcomed by Captain Sharma, who gave us a fascinating introduction to the world of Merchant Navy. His insights and experiences piqued our interest and left us inspired to explore the possibilities this field had to offer.

Tolani Maritime Institute left a strong impression on us with its well-equipped facilities and machinery, tailored to cater to the needs of Merchant Navy aspirants. The campus was not only modern but also impeccably clean and well-maintained, creating a conducive environment for learning and growth.

The staff at the institute were friendly, approachable, and knowledgeable. They graciously answered all our queries, leaving us with a sense of assurance that this institute would indeed provide an excellent learning experience for those seeking a career in the maritime industry.

One aspect that stood out to us was the institute's emphasis on sports and recreational activities. In addition to academics, the institute promoted physical fitness and mental well-being through sports such as badminton, table tennis, swimming, and boating. The availability of these activities added a fun and balanced dimension to the learning process.

As the clock struck 01:30 pm, it was time for us to bid farewell to Tolani Maritime Institute and head back to our school campus. Despite our departure, the memories of this wonderful field trip will stay with us for a long time. We returned with a newfound appreciation for the Merchant Navy profession and a deeper understanding of the opportunities that await those who venture into this exciting field.

I would like to conclude by saying that the trip to this institute was not only a memorable and fun experience, but was also quite an informative one as many of the aspects of Merchant Navy which were unclear to us students before were cleared and elaborated greatly upon, with a spice of useful information on the top.

The enriching experience of exploring the campus, the students' life, the staff's personalities and the overall reverie that the institute had was mesmerizing and truly a wonderful experience. I am sure it encouraged many of the students to set merchant navy as their career goal for their bright futures.

We thank our principal, Dr. Bindu Saini ma'am; vice principal, Ms. Padmavati Banda ma'am; and all the teachers who accompanied us who helped us get such a memorable experience. Thank you!
