

Attending the “Brain Loves Rhythm” Training Session

Pune, Maharashtra | 8th October, 2026

A training session on “Brain Loves Rhythm” by English Language teacher and content writer, Mr. Andrew Steele was attended by pre-primary teachers, Ms. Ketaki Ganorkar and Ms. Abhaya Ravishankar of S.B.Patil Public School on Thursday, 8th October 2026 at the Grand Sheraton Hotel, Pune. The session was insightful and engaging, highlighting the importance of rhythm in teaching and learning.

The training explored how rhythm, music, movement, and patterns can make learning more enjoyable, meaningful, and effective for children. It emphasized that rhythmic activities can capture students' attention, improve memory, encourage active participation, and create a joyful classroom environment.

The session provided valuable insights into incorporating rhythm-based techniques into everyday teaching practices. It inspired educators to move beyond traditional teaching methods and use creative, interactive strategies to make learning more engaging.

Overall, the training was an enriching experience that reinforced the idea that when learning follows a rhythm, the brain connects, remembers, and learns better.
