
Better Safe than Sorry: Emergency Evacuation Training for Students

Pune, Maharashtra | 7th to 24th April, 2025

S.B. Patil Public School's CCA and Sports Department conducted evacuation training sessions during the second and third weeks of April 2025 for students of Grades III to XII in the school auditorium. The aim was to familiarise young learners with emergency procedures in a simple and engaging manner.

Faculty members discussed different types of emergencies—such as fires, earthquakes, and gas leaks—and explained how to recognise the emergency alarms, emergency signs and evacuation plans. Students were taught the importance of staying calm, listening to instructions, and following the correct evacuation routes.

The session included a mock drill, where students practised assembling quickly and safely at the designated area. The initiative reinforced awareness, preparedness, and a sense of responsibility among the students, ensuring they are ready to respond confidently in any emergency.
