
Where Numbers Found Their Voice: Blue House Marks National Mathematics Day

Pune, Maharashtra | 23rd December, 2025

Blue House hosted a special assembly on 23rd December, 2025 to commemorate National Mathematics Day, thoughtfully conducted by the students of Grade VI. The assembly stood as a vibrant tribute to the world of numbers and logic, setting an engaging tone for the morning.

The programme opened with a respectful homage to the legendary Indian mathematician Srinivasa Ramanujan. Through articulate narration and well-researched segments, students highlighted his extraordinary life, personal struggles, and groundbreaking contributions to mathematics. This tribute not only honoured Ramanujan's genius but also inspired students to view mathematics as a subject of curiosity, perseverance, and discovery.

The assembly featured interactive presentations, enjoyable activities, and insightful reflections that illustrated the relevance of mathematics in everyday life. The enthusiasm and creativity displayed by the Grade VI students made the session both informative and entertaining. Blue House deserves commendation for curating an inspiring programme that left the audience with a renewed appreciation for the beauty and power of mathematics.
