

Celebration of World Nature Conservation Day in the Morning Assembly

Pune, Maharashtra | 22nd July, 2026

The school celebrated World Nature Conservation Day on 24th July, 2026 with great enthusiasm and awareness during the morning assembly hosted by Red House for the students of Grades IX and XI.

The Red House students presented an impactful Nukkad Natak (street play)

highlighting the growing concerns of environmental degradation and the ways in which human activities are harming nature. Through their powerful performance, they sensitized the audience about the urgent need to protect and conserve the environment by adopting sustainable practices in our daily lives.

The presentation also showcased the remarkable contributions of renowned environmentalists and social reformers such as Tulsi Gowda, Dr. Rajendra Singh, and Laxman Singh, inspiring students to follow their path of dedication towards nature conservation. The message of "Vasudhaiva Kutumbakam" — the world is one family — was beautifully integrated into the performance, emphasizing our collective responsibility to safeguard the planet for future generations.

The assembly was conducted under the guidance and mentorship of Ms. Jeetkaur Sodhi, Secondary Section Hindi Language Faculty, whose support and encouragement helped students deliver a meaningful and thought-provoking presentation.

The celebration served as a reminder that protecting nature is not only a responsibility but also a shared commitment towards creating a greener and healthier world.
