12.	Sanika Sarode	X-D

The Sakal NIE Drawing Competition 2025 provided a vibrant platform for young artists to express their ideas, perspectives, and imagination through the visual arts. The enthusiastic participation of our students across grade levels reflected not only their artistic ability but also their confidence to think creatively and communicate visually — skills that are integral to holistic learning.

We appreciate the guidance and encouragement provided by our art educators and teachers, whose constant support helps nurture creativity in the classroom. Such competitions play a vital role in fostering originality, observation, and self-expression, and we are proud of our students for representing the school with excellence and artistic integrity.

Congratulations to all the winners! We wish them continued success and encourage all students to keep exploring their artistic talents.
