## Towards an Eco-friendly Diwali: The Grade I and II Diya Making Activity

Pune, Maharashtra | 20<sup>th</sup> October, 2023

To help students expand their creativity, learn about the need for conserving the environment, all whilst celebrating the Festival of Lights in its true spirit, on 20<sup>th</sup> October, 2023, the students of Grade I and II bought eco-friendly earthen diyas and painted them. They even enhanced the grace of their diyas with different decorative materials.

Teachers went on to teach why is it important to celebrate Diwali in an eco-friendly way.

Students thoroughly enjoyed this activity as it not only built their team spirit but helped hone their creativity and taught them the valuable lesson of having an eco-friendly Diwali.
