## First Aid and Fire Safety Training for New Faculty

Pune, Maharashtra | 26<sup>th</sup> April, 2025

On Saturday, 26<sup>th</sup> April, 2025, S.B. Patil Public School conducted a comprehensive First Aid and Fire Safety training session for its newly appointed faculty members, reinforcing the school's commitment to safety, preparedness, and community well-being.

The First Aid training, led by the school nurse Ms. Sujata Bhalerao, covered essential life-saving techniques. Faculty were guided through critical skills such as dressing wounds, managing fractures, administering CPR, assisting a choking victim, addressing fevers, and the proper use of the school's sanitary pad dispensing machines. The session focused on practical demonstrations, ensuring staff felt confident in handling medical emergencies swiftly and effectively.

Following this, the Sports Department faculty — Mr. Dhanaji Patil, Ms. Gauri Utture, and Mr Ramesh Nandal — provided hands-on training in fire safety. Teachers were trained to respond calmly and correctly to fire-related emergencies, understanding floor plans, fire exits, and other basic fire safety protocols; and learned how to operate different types of extinguishers.

The day's training ensured that the new faculty are not only equipped to lead classrooms but also to respond responsibly and efficiently in emergency situations, upholding S.B. Patil Public School's high standards of student and staff safety.
