

Global Concern Calls for Collaboration – The MUN Way

Pune, Maharashtra | 24th September, 2026

"If you want to go fast, go alone. If you want to go far, go together"

This African proverb stood every inch a fact as our S.B. Patil Public School organised a Model United Nations (MUN) event for its Grade IX students. The event aimed to nurture the values of peace, harmony, empathy, respect, and responsible citizenship among students.

The MUN was based on the United Nations Environment Programme (UNEP) – a leading global environmental authority that sets the global environmental agenda and coordinates responses to environmental issues within the United Nations system. The theme of the MUN was Strategies to Reverse the Impact of Climate Change on Affordable & Clean Energy Resources.

The event was graced by the presence of our School's Academic Counsellor Dr. Sangeeta Gole, Guest of Honour Ms. Revati, Our Honourable Principal Dr. Bindu Saini Ma'am, VP Ms. Padmavati Banda, HM of the Primary Section, Ms. Shubhangi Kulkarni, Section heads and faculty members.

Our Students of Grade IX were placed into 28 different countries globally – each country was supposed to present their stance on the agenda of promoting clean & affordable energy, global collaboration, and the advanced use of Artificial Intelligence (AI) in this process. The proceedings were chaired by School Head Boy Rudraunsh Bhondave, Head Girl Swarnima Kulkarni and 3 times School delegate at Inter -School MUN – Harshit Khandelwal.

It was a mesmerizing view to witness our students play the role of nation representatives; putting forth their stances, explaining their plans and future prospects, readiness to enter global collaborative initiatives; lend a helping hand to UDCs and take help of the advanced nations – with the mono aim of establishing the attainment of SDGs #7 & 13 – Affordable & Clean Energy along with Climate Action. The two-hour long session saw the future of the world discuss the future at length with deepest concern and regard to safeguard the living planet and uphold the doctrine of Vasudhaiva Kutumbakam – The World as One Family.

The entire proceedings were meticulously arranged under the guidance of our Principal Dr. Bindu Saini Ma'am, VP Ms. Padmavati Banda. Head of Department Ms. Pravina More, MUN Resource Person Ms. Anjali Gugale, Secondary Teachers for Social Science Ms. Sucharita Roy, Ms. Aparna Pandey, Ms. Devyani Shahapurkar, Ms. Shubhangi Wagh coordinated excellently, arranged the minute details in the planning, orienting and execution of today's event.

The assembly concluded with a heartfelt Vote of Thanks, expressing gratitude to the school leadership, teachers, participants, and everyone who contributed to making the programme meaningful and memorable. It concluded with a note that along with care, concern, collaboration what the world needed more was evoking cosmic energies to help sustain peace in a disturbed world today. Everyone present recited the World Peace Prayer – The Pasaaydaan. The MUN encouraged students to become compassionate individuals who contribute positively towards building a harmonious and peaceful global living

It amazingly reflected the school's mission of nurturing enterprising global citizens by developing empathy, collaboration, awareness, and a sense of responsibility towards the world.
