

Leadership Training Session for Grades IV and V

Pune, Maharashtra | 12th October, 2026

Empowering young minds to lead with confidence, compassion, and responsibility, students of Grades IV and V participated in an enriching Leadership Training Session focused on teamwork, creativity, and meaningful learning.

The programme began with Warm-up and Brain Gym activities, followed by Prayer and Meditation with *"Itni Shakti Hame Dena Data,"* creating a calm and positive atmosphere.

Through Exercising Inclusion, students explored the importance of making everyone feel welcomed, valued, and respected. The Cooking for the Team activity encouraged cooperation, sharing, and collective effort as students prepared sandwiches together.

During Bal-Sansad, students

discussed leadership, discipline, and student responsibilities while practising active listening, logical reasoning, and respectful disagreement. The creative session, ABHIVYAKTI – My Idea of School, allowed them to express their ideas and aspirations through various art

forms. This was followed by a discussion on Goal Setting and Value Addition for School, highlighting ways to contribute meaningfully to the school community.

The Blind Retriever activity strengthened trust, patience, and communication as students guided blindfolded peers through an obstacle course. The Nature Walk and Talk encouraged environmental awareness, scientific curiosity, and civic responsibility as students explored the school garden on the extension ground.

The day concluded with Reflection and Felicitation, giving students an opportunity to share their experiences and celebrate their learning.

The session was a meaningful blend of experiential learning, creativity, collaboration, and reflection. It reinforced that leadership is not merely about leading others, but also about listening, including everyone, taking responsibility, and working together to bring positive change to the school community.
