
Navratri:

A Celebration of Devotion and Joy

Pune, Maharashtra | 11th October, 2024

Navratri is one of the most awaited festivals in our country. It is celebrated with full fervor and devotion. It is not just a religious celebration but a cultural event that unites people of all ages and backgrounds. It fosters a sense of community through music, dance and collective prayers.

The pre-primary and primary sections of S.B. Patil Public School celebrated Navratri on Friday, 11th October, 2024 with full gaiety and excitement. It was wonderful to see our children dressed up in traditional attire for the festival.

They could hardly contain their excitement as the primary students held a special assembly by the Yellow House of the Grade I and II students. Since we were also celebrating International Day of the Girl Child, information was given about it to all present. After this the students sang a song, "Jogava"; whilst others performed a skit-cum-dance.

The assembly ended with the Vote of Thanks. But the excitement did not end here. Students danced to Garba songs before finally dispersing.

Meanwhile, for the pre-primary classes, the day started with teachers giving information about Navratri festival explaining the importance of the nine days. A presentation video was shown that told the story of Navratri and Dussehra and how the festival is celebrated in different parts of India was shown and explained. The tiny tots then danced their hearts away to Garba songs.

As we celebrate Navratri, we are reminded of the timeless values of inner strength, resilience, and the victory of good over evil. It was a fun filled day for children and teachers. Happy Navratri to everyone!
