

Where Happiness Earns Its Honour: S.B. Patil Public School Recognised by QS I-GAUGE

Pune, Maharashtra | 12th December, 2025

S.B. Patil Public School, Ravet, has been conferred with the prestigious QS I-GAUGE Institution of Happiness Award 2025-26, marking a significant milestone in the school's ongoing commitment to fostering well-being, inclusivity, and a nurturing educational environment.

The award was presented at the QS I-GAUGE Institution of Happiness Conclave, held on 12th December, 2025 at The LaLiT, New Delhi, a national-level platform that recognises institutions placing student and staff happiness at the heart of education. The conclave, themed Reimagining Well-being in Indian Education through Human-Centred Campuses, brought together distinguished educators and thought leaders from across the country.

Representing the school at the ceremony were the principal, Dr. Bindu Saini, and the vice principal, Ms. Padmavati Banda, who graciously accepted the award on behalf of the entire S.B. Patil Public School community. Their presence underscored the leadership's vision of creating a school culture rooted not merely in academic excellence, but also in emotional well-being, empathy, and holistic development.

This recognition by QS I-GAUGE stands as a testament to the school's sustained efforts in building a positive, supportive, and student-centric ecosystem — one that values mental health, meaningful engagement, and balanced growth alongside scholastic achievement. The honour further reinforces S.B. Patil Public School's position as an institution that understands happiness not as an abstract ideal, but as an essential pillar of quality education.

The school fraternity — comprising students, parents, teachers, and staff — takes immense pride in this achievement, which reflects a shared ethos of care, compassion, and conscious education.
