SQAAF Video Production Workshop at MSCERT, Pune

Pune, Maharashtra | 4th and 5th November, 2026

S.B. Patil Public School is proud to share that our school was selected among the Top 30 Secondary Schools in Maharashtra based on the external assessment conducted under the School Quality Assessment and Assurance Framework (SQAAF) for the academic year 2025–26.

As part of this recognition, Ms. Darshana Kamat, School SQAAF Coordinator, attended a two-day Video Production Workshop organised by the Maharashtra State Council of Educational Research and Training (MSCERT), Pune, on 4th and 5th November, 2026.

The main purpose of the workshop was to guide the selected schools in creating videos based on the SQAAF parameters in which they have demonstrated good practices and achieved high scores. These videos will be uploaded on the SCERT website and will serve as a valuable resource for schools across Maharashtra.

The selected 60 schools—30 Secondary Schools and 30 Higher Secondary Schools—will act as brand ambassadors for the SQAAF initiative. Through their videos, they will share their best practices and successful processes, providing guidance and inspiration to other schools to improve their SQAAF scores and work towards the overall betterment of their schools.

The workshop was highly enriching and interactive, providing an excellent opportunity to connect with Principals and SQAAF Coordinators from different schools across Maharashtra. The exchange of ideas, experiences, and best practices made the workshop a meaningful learning experience.

This initiative will help create a culture of collaboration, continuous improvement, and quality enhancement among schools throughout Maharashtra. We are proud that S.B. Patil Public School is part of this important initiative and looks forward to contributing towards guiding and motivating other schools on their journey towards educational excellence.
