

Thank You Card Making Activity

Pune, Maharashtra | 24th July, 2026

As part of the Social Studies lesson Our Community, the Grade IV students enthusiastically participated in a Thank You Card Making Activity on 24th July, 2026 to express their heartfelt gratitude to the invaluable community helpers at our school.

With great creativity and excitement, the students designed beautiful thank you cards and personally presented them to our beloved Maushi, Watchman Uncle, and School Nurse. The heartfelt gesture brought radiant smiles to the faces of the recipients, making the occasion truly memorable and reinforcing the importance of recognising those who work tirelessly behind the scenes.

This meaningful activity not only filled the school with warmth and happiness but also nurtured essential values such as gratitude, empathy, respect, kindness, and the dignity of labour, helping students develop a deeper appreciation for every member of the school community.
