
The Grade V World Book Day Celebration

Pune, Maharashtra | 22nd and 24th April, 2025

World Book Day, celebrated globally on 23rd April, was observed with great enthusiasm by the students of Grade V across all divisions. The library came alive with energy, excitement, and the unmistakable rustle of turning pages as children immersed themselves in the magical world of books.

In order to give every student a chance to participate meaningfully, the celebrations were spread across two days — 22nd and 24th April, 2025. The sessions were designed not only to encourage reading but also to familiarise students with the wide variety of resources available in the school library.

From colourful storybooks and educational magazines to informative newspapers and activity-based publications, students were encouraged to explore content beyond their textbooks. They were also given the freedom to choose what they wanted to read, which sparked genuine curiosity and joy. Many of them discovered new genres and authors, while others revisited their favourite tales, sharing book recommendations with friends.

To add to the excitement, short storytelling sessions, book talks, and fun quizzes were held to make the library experience more interactive and memorable. The activities aimed to build not only reading habits but also critical thinking and a sense of literary appreciation among students.

By the end of the celebrations, the library wasn't just a room filled with books—it had transformed into a vibrant space of imagination, exploration, and learning. The smiles on the faces of the young readers said it all: books aren't just for reading — they're for living.

We thank our librarians, Ms. Swati Kahire and Ms. Anjali Garge for organising this wonderful event, and more of such enriching events are conducted in future.
