

A Morning of Gratitude: Grades I and II Celebrate Thanksgiving Day with Heart

Pune, Maharashtra | 27th November, 2025

On 27th November, 2025, the school auditorium brimmed with warmth as the students of Grades I and II presented a heart-warming Thanksgiving Day Special Assembly. It is a day about pausing to reflect on life's blessings. It is about family, friends, and the little moments that make life beautiful.

Led by the spirited Red House students, the event unfolded through a delightful mix of performances that showcased their talent, charm, and enthusiasm.

The programme opened with a welcoming speech that captured the essence of Thanksgiving — a moment to pause, appreciate life's blessings, and acknowledge the people who support us every day. This was followed by an endearing skit in which the young performers brought the values of gratitude, sharing, and togetherness to life. Their expressive acting and seamless teamwork left the audience smiling throughout.

The Red House choir then took the stage with a melodious Thanksgiving song, filling the hall with joy and reinforcing the day's central message: to be grateful for our families, friends, and the community that surrounds us.

The assembly concluded with a gentle reminder for everyone to carry the spirit of gratitude into everyday life and to express kindness in small, meaningful ways. It was a memorable celebration that beautifully reflected the values of Thanksgiving and highlighted the confidence, creativity, and growing leadership of our young learners.
