
Adventszeit and a Christmas Celebration: The Grade VIII Assembly in the German Language

Pune, Maharashtra | 19th December 2025

A special assembly in the German Language was celebrated with great enthusiasm on 19th December 2025, bringing alive the spirit of Adventszeit and Christmas through language, culture, and performance.

The assembly commenced with an engaging PowerPoint presentation that introduced students to the significance of Advent in Germany. This was followed by a thoughtfully enacted skit on St. Nicholas Day, celebrated annually in Germany on 6 December. The skit highlighted the values associated with St. Nicholas — profound generosity, kindness, and the tradition of secret gift-giving.

The narration of the skit was beautifully delivered in German by Soumya Narkhade, while Anvit Taware translated the performance into English, ensuring clarity and connection for the audience.

Adding a vibrant cultural dimension to the programme, students of Grade VIII performed a traditional German folk dance, offering a lively depiction of German heritage and traditions. This was followed by a melodious recitation of the Christmas carol “Fröhliche Weihnacht Überall” by the students of Grade VI, filling the assembly hall with festive warmth.

The entire assembly was confidently conducted in German by Shraddha M. and Mayank D., with English support where required. The programme was marked by joy, curiosity, and active engagement, making it both an enjoyable and enriching learning experience for all present.

The celebration not only spread festive cheer but also deepened students' appreciation of the German language and culture, leaving them with memories — and lessons — that extended well beyond the assembly hall.
