
Inspiring Young Voices: The Grade III My Hero Monologue Competition

Pune, Maharashtra | 21st January, 2026

The My Hero Monologue Competition for students of Grade III was conducted on 21st January, 2026 during regular school hours, with the aim of nurturing confident speakers and thoughtful young minds. The competition provided a meaningful platform for students to express admiration for the heroes who inspire them and to reflect on values such as courage, dedication, and selflessness.

Participants were invited to choose from two thoughtfully designed topics — Freedom Fighter or Family Member — allowing them to speak about heroes from history or from their own lives. Through their monologues, students shared heartfelt stories, personal reflections, and inspiring narratives, demonstrating both emotional understanding and growing communication skills.

The judging rubric focused on key aspects of effective oral presentation, including originality, language and content, voice and pronunciation, confidence, and overall presentation. The performances reflected sincere preparation, clear expression, and commendable stage presence, especially considering the young age of the participants.

The competition successfully met its objectives by encouraging self-expression, enhancing speaking abilities, and building confidence among students. It also helped children appreciate the contributions of both national heroes and everyday role models within their families.

The winners of the competition were:

First Position: Samarth Kulkarni (III-G)

Second Position: Divya Landage (III-F)

Third Position: Aarav Patil (III-B)

Consolation Prizes: Sharanya Madake (III-E) and Priyal Lingayat (III-F)

The My Hero Monologue Competition proved to be an enriching and inspiring experience, reinforcing the importance of value-based learning while giving young learners the confidence to speak from the heart.
