
Unplugged and Unstoppable: Saanvi Discovers a World Beyond Screens

Pune, Maharashtra | 3rd November, 2025

We are delighted to celebrate Saanvi Jaigude of Grade III for receiving special recognition in the 50-Day Mobile Detox Challenge — from 5th September, 2025 to 25th October, 2025 — an inspiring initiative led by a group of friends in collaboration with the Head of Department from Dr. D.Y. Patil College. The challenge encouraged children to reduce screen time and rediscover hobbies that bring creativity and joy into their daily lives.

Saanvi's participation truly stood out. Embracing the spirit of the detox, she stepped away from her mobile device and blossomed into a young artist and storyteller. She now spends her time sketching vibrant artwork, crafting her own comic strips, and experimenting with different forms of creative expression.

Her achievement serves as a wonderful reminder that the most exciting worlds are often the ones we create with our own imagination. Saanvi's journey is an inspiration to her peers — showing that life away from screens can be every bit as colourful, expressive and fulfilling.

We applaud Saanvi for her enthusiasm, dedication and transformation. May she continue to draw, write, dream and shine brighter each day!
