

A Celebration of Innovation:

S.B. Patil Public School Hosts the Idea Generation and SIC Exhibition

Pune, Maharashtra | 11th October, 2025

S.B. Patil Public School, Ravet, organised the *Idea Generation and School Innovation Council (SIC) Exhibition* on Saturday, 11th October, 2025, under the inspiring theme “*STEM for a Viksit and Atmanirbhar Bharat.*” The event aimed to foster creativity, innovation, and scientific temperament among students, encouraging them to think critically and design solutions that contribute to the vision of a self-reliant India.

The exhibition, held in the school's *Nirmiti Multi-Skill Lab* and *Robotics Lab* on the sixth floor, served as a vibrant platform for students to showcase a wide range of models and projects. Each display reflected the learners' curiosity, problem-solving skills, and ability to apply STEM concepts to real-world challenges. The exhibits ranged from creative prototypes to practical innovations, demonstrating how young minds could blend imagination with technology for meaningful outcomes.

Parents, teachers, and visitors witnessed the spirit of innovation in full bloom as students confidently presented their ideas and explained the science behind their creations.

The event not only celebrated academic excellence but also highlighted the school's commitment to experiential and hands-on learning—values deeply rooted in its educational philosophy.

Principal, Dr. Bindu Saini; in charge of the *Nirmiti Multi-Skill Lab*, Ms. Varsha Deshmukh, not only organised the event but also expressed their appreciation for the students' enthusiasm and dedication. They also extended gratitude to the parents for their constant encouragement and support, which play a pivotal role in nurturing innovation at a young age.

The exhibition concluded on a note of pride and inspiration, leaving the audience impressed with the ingenuity and confidence displayed by the students. The *Idea Generation and SIC Exhibition* truly embodied the essence of a *Viksit and Atmanirbhar Bharat*—where education meets innovation to shape the thinkers and leaders of tomorrow.
